- Looking to add power, productivity and maternal quality to your herd? This top-tier Hereford cow checks all the boxes! There are very few purchased Hereford cows at HCC and she is one of them, coming out of our good friend Andrew Garnhart's Mud Creek Farm.
- After producing county fair winning steers and some daughters we have retained, we are offering her to benefit your herd. Big-bodied and broody, she's the kind that'll catch your eye in the pasture. Deep-ribbed, wide-hipped and easy-keeping, with the frame and structure to raise heavy calves year after year. Proven to drop calves unassisted and get right back to business. Exceptional udder quality, tight, level and well-attached with a balanced teat structure.
- Whether you're building a solid foundation or adding to an elite program, this cow is the kind that works. Don't miss your chance to own one that brings both power and practicality to the pasture.
- Bred AI on 5/14 /25 to G 83G DRAFTMAN 2135, then pasture exposed to HCC HARMONIES LEGACY from 6/1/25 to 7/10/25. Safe in calf.

- When we saw Gustafson's Draftman bull back in 2024, we knew right then we wanted to use him. As he matured, that decision only proved itself, and now, fresh off his 2025 NWSS Division win and with his first calf crop on the ground, we're seeing exactly what we hoped.
- This heifer is a prime example. She combines the soft-made, easy-fleshing quality of her maternal side with the added shape and muscle that Draftman is stamping on his calves.
- She's the kind that's practical, powerful and packed with potential. She's ideal for the producer looking to introduce fresh, outcross genetics without sacrificing maternal look or function.
- If you're serious about cattle that work and turn heads doing it, stop and bid here.

- Sired by Keeneland, who sired the National Fed Steer Shootout Grand Champion pen last year. This steer should suit a variety of fair dates. He has all the factors to gain well for fair sales and the temperament to give a timid showman confidence. He has been started on the halter and was easy to catch from day one.

- If we did not have a full sister and a daughter in production, this cow would be staying home. Sired by Rachel's Dare, going back to our HCC Truth or Dare, and out of a direct daughter of our foundation "Legend" cow, this cow is bred for consistency, quality and longevity.
- Beautifully fronted and balanced, she is striking through her front third with a clean neck, smooth shoulder and excellent topline. She carries herself with presence, standing on a solid foot and leg structure. Easy fleshing and the perfect size for real-world efficiency, she's got the rib, shape and maternal look that sets the good ones apart. Great udder structure, calm disposition and the kind to raise calves that grow, grade and stay sound.
- You won't find many with this kind of heritage, structure and functionality. She's ready to go to work in your front pasture or front pasture and donor pen.
- Bred AI on 4/20/25 to G 836 DRAFTMAN n 2135, then pasture exposed to HCC HARMONIES LEGACY from 6/1/25 to 7/10/25. Safe in calf.

- Here's a sharp-made, feminine-fronted heifer that brings together the best of both worlds — style and substance. Sired by our Keeneland bull, whose daughters have become pasture favorites and proven producers, this young female is already standing out.
- This heifer carries that same consistent look and functionality we've come to expect from the Keeneland line — feminine through her front, bold in her rib and easy-keeping by design. Her maternal side has all of our cow family favorites, the ones we have built our herd around.
- She's got all the indicators of a future cow that will thrive both in terms of productivity and pasture presence. If you're looking for a young female with built-in reliability and cow-making potential, take a serious look here. This one is bred to stick around and work for years to come.

- We have loved our females sired by Equinox, known for adding power and presence and this one is out of a cow whose dam is none other than the well-regarded Ronnie and Thelma Mills' RTA Telma, a name that carries weight in real-world production and show circles alike. Big-boned, bold-ribbed and stout-made yet still clean-fronted and feminine, with that show ring silhouette and pasture practicality.
- This female blends form and function, combining muscle, structure and look, backed by the proven maternal strength with a pedigree you can build on. Whether you're after banner potential or herd-building quality, she fits the bill.
- Bred AI on 4/7/25 to HILLS-GALORE 44Z REWIND 147E, then pasture exposed to HCC HARMONIES LEGACY from 6/1/25 to 7/10/25. Safe in calf.

- This stout, stylish daughter of our “Gus” bull already has “cow” written all over her. From the ground up, she’s built right — square on her feet, deep-sided and showing the kind of early maturity and balance that translates into long-term productivity.
- We’ve seen this pedigree work time and time again, and this heifer is no exception. She carries the look, structure, and maternal presence that make good cows great. You can’t beat that bottom side of her pedigree.
- If you’re looking to inject some proven yet unique genetics into your program, this female brings something fresh to the table, and she’ll do it with performance, consistency and eye appeal.

- Donna has been a solid cow for me, never missed a calving and always weaned a calf in the top 10 percent of the herd. She is the last out of my Homegrown Down and Dirty bull out of a powerful cow I purchased from Hausner Cattle years ago and out of an About Time cow that was a staple here for years. Very feminine and good udder for being a little older but has a lot of gas in the tank and will even be up every day for a treat.
- Bred AI on 5/9/25 to TH ADVENTURE 143K, a NJW JOURNEY grandson. Checked safe in calf.

- Lady's First is truly a special breeding piece. If you value livestock by comparison you can see that there are lots of superior components to his pedigree. His dam, MACEE 2127, was Ohio State Fair Grand Champion Female; his grandam, Lady 417, was NAILE Division Champion. Sired by a prolific Historic Grandson being used at Helsinger's as a walking sire. Eye appeal with documentation of low BW and great carcass characteristics.
- Selling ¼ interest full position. We are keeping ¼ for in herd use.

- Another Marksman x Perks Miss America daughter that is totally different to her ET sib, Sabrina. Radiance possesses that brood cow look, deep bodied, clean fronted and a big ole top in her. Doesn't have quite the "show heifer" look to her as Sabrina, but is put together to be able to produce the stylish eye appealing show heifer.

- Handsome bull calf sired by the popular CMF Goldrush. Displays a good set of numbers so we kept him a bull.
- BW 72 lb.

TERMS and CONDITIONS:

Cash or check. Each animal will be sold to the highest bidder. The auctioneer will settle any dispute as to bids.

All cattle are to be paid for by the purchaser immediately after the sale.

Each animal will be at the purchaser's risk immediately after the animal is sold. They will be fed and cared for free of charge for a reasonable length of time after the sale, but at the purchaser's risk and will not be turned over to the buyer or shipped as he may direct. Buyers can have them insured against risk at a nominal rate.

The animals will be transferred to the buyer at the seller's expense. Cattle will not be transferred until paid in full. Each buyer must be sure to give the clerk his proper name and address for making transfers. All calves born before the sale

are to be registered by the seller; all calves born after the sale are to be registered by the purchaser. Proper breeding statements will be signed by the seller for the buyer to use in registering calves after the sale. The purchaser will be responsible for obtaining AI certificates to register calves resulting from females carrying the service of bulls not owned by the seller.

Animals sold in this sale are guaranteed by the owner to be breeders on the condition that they are properly handled and cared for by the purchaser. If any animal fails to breed and the animal is in sound, healthy condition, the buyer may return it to the seller who shall have six months to test it. If the animal proves to be a non-breeder, a satisfactory exchange will be made or the purchase price will be refunded.

Every known blemish will be called before the animal is sold and no animal will knowingly be sold that is not sound in every way. Any changes in breeding dates will be announced sale day.

Any female selling with calf at side is considered to be a breeder with no further guarantee in this regard.

Health papers will be provided.

Announcements at the sale ring by the owners or the auctioneer concerning the cattle will take precedence over statements in the catalog.

All persons who attend the sale do so at their own risk and the owners assume no liability, legal or otherwise, for any accidents that may occur.

Beef Cattlemen,

On behalf of the Stull family and all the consignors to the East Side Farms & Guests Sale — welcome!

We're in a pivotal time for the U.S. beef industry. With the national cow herd at its lowest level in 73 years, there's real opportunity ahead for producers positioned to take advantage. Supply is tight, demand is strong — and that spells potential profit for cattlemen ready to invest in quality.

The consignors behind this event have worked hard to develop genetics that add value — cattle built to improve your bottom line. This offering includes a stout set of herd sires, sire prospects, and a group of females we're proud to stand behind.

Take time to study the catalog. If you have questions, don't hesitate to reach out to me or any of the consignors. We're proud of this lineup and confident you'll find cattle that fit your program.

Sincerely,

*Gene Steiner
